

ZONING CHANGE REVIEW SHEET

CASE: C14-2019-0031 Springdale Farms DISTRICT: 3

ZONING FROM: CS-MU-CO-NP

TO: CS-MU-CO-NP, to change a condition of zoning

ADDRESS: 735 Springdale Road

SITE AREA: 4.848 Acres

PROPERTY OWNER/APPLICANT: PSW Springdale LLC (Jarred Corbell)

CASE MANAGER: Heather Chaffin (512-974-2122, heather.chaffin@austintexas.gov)

STAFF RECOMMENDATION:

Staff supports the Applicant's request to rezone the property to change a condition of zoning. The Applicant proposes to retain all existing zoning conditions with the following changes:

- 1. Remove the following land uses from the list of prohibited uses: Restaurant (General), Restaurant (Limited), Convenience Retail, and Art Workshop.**
- 2. Add the following condition: The property shall be limited to 20 dwelling units per acre.**

For a summary of the basis of staff's recommendation, see case manager comments on page 2.

PLANNING COMMISSION ACTION / RECOMMENDATION:

July 9, 2019:

CITY COUNCIL ACTION:

August 8, 2019:

ORDINANCE NUMBER:

ISSUES:

The subject property has been developed with an urban farm and associated land uses since 2009. The property was rezoned from CS-MU-CO-NP to CS-MU-CO-NP to change a condition of zoning in 2014-2015. An extensive list of conditions was attached to the property and the proposed rezoning would retain all of those conditions except as described in the Staff Recommendation on Page 1. The Applicant proposes redeveloping portions of the property to add residential, restaurant and retail uses, while retaining some existing features and uses. ***Please see Exhibits C and D—Zoning Ordinance and Applicant Letter.***

CASE MANAGER COMMENTS:

The subject property is located between Springdale Road and Mansell Avenue, with frontage on both streets. It is a half-block north of Gonzalez Street and a half-block south of Glissman Road. The property is currently developed with an urban farm and restaurant (limited) land uses. Immediately to the north are single family residences and a church zoned SF-3-NP. To the east, across Mansell Avenue, is the former Allen Elementary, which is zoned P-NP. Immediately south of the subject property are single family residences zoned SF-3-NP. Across Springdale Road to the west are single family residences zoned SF-3-NP, a police substation zoned P-NP, and an undeveloped property zoned GR-MU-CO-NP. ***Please see Exhibits A and B—Zoning Map and Aerial Exhibit.***

Staff supports the rezoning request. The uses that are currently proposed- Restaurant (General), Restaurant (Limited), Convenience Retail, and Art Workshop- are suitable for the site. Restaurant (Limited) uses has existed on the site for several years. The proposed limit on number of dwelling units is comparable to MF-1/MF-2 density and will allow development that provide a mix of housing options at scale suitable for the area.

Staff has received correspondence from the Neighborhood Plan Contact Team (NPCT) regarding the proposed change. The NPCT supports the request with additional conditions that cannot be attached as a condition of zoning. The NPCT letter states that they support compatibility standard waivers that affect building height, as well as affordable housing agreement with the Guadalupe Neighborhood Development Corporation (GNDC) that would be attached via a private restrictive covenant. ***Please see Exhibit E - Correspondence.***

BASIS OF RECOMMENDATION:

1. *Zoning changes should promote compatibility with adjacent and nearby uses and should not result in detrimental impacts to the neighborhood character.*

The scale of residential development proposed and type of land uses proposed for this site are compatible with neighborhood character. The proposed land uses are appropriate for a mixed use site in this area.

2. *The rezoning should be consistent with the policies and principles adopted by the City Council or Planning Commission.*

The Strategic Housing Blueprint promotes a mix of housing types and densities across the city.

3. *Zoning changes should promote a balance of intensities and densities.*

The subject property is located in an area that transitions from the commercial corridor of East 7th Street to the residential neighborhood to the north. The proposed zoning change would provide a transition between these areas.

OTHER STAFF COMMENTS:ENVIRONMENTAL

1. The site is not located over the Edwards Aquifer Recharge Zone. The site is located in the Boggy Creek Watershed of the Colorado River Basin, which is classified as an Urban Watershed by Chapter 25-8 of the City's Land Development Code.
2. Zoning district impervious cover limits apply in the Urban Watershed classification.
3. According to the maps there is a Critical Water Quality Zone within the project location. Development is limited to CWQZ per LDC 25-8-261/262.
4. Standard landscaping and tree protection will be required in accordance with LDC 25-2 and 25-8 for all development and/or redevelopment.
5. At this time, site specific information is unavailable regarding vegetation, areas of steep slope, or other environmental features such as bluffs, springs, canyon rimrock, caves, sinkholes, and wetlands.
6. This site is required to provide on-site water quality controls (or payment in lieu of) for all development and/or redevelopment when 8,000 s.f. cumulative is exceeded, and on site control for the two-year storm.

SITE PLAN

SP 1. Site plans will be required for any new development other than single-family or duplex residential.

SP 2. Any development which occurs in an SF-6 or less restrictive zoning district which is located 540 feet or less from property in an SF-5 or more restrictive zoning district will be subject to compatibility development regulations.

SP 3. Any new development is subject to Subchapter E. Design Standards and Mixed Use. Additional comments will be made when the site plan is submitted.

SP 4. FYI: Additional design regulations will be enforced at the time a site plan is submitted.

SP 5. The site is subject to compatibility standards. Along the northeast, northwest, and southwest SF-3-NP property lines, the following standards apply:

- ☐ No structure may be built within 25 feet of the property line.
- ☐ No structure in excess of two stories or 30 feet in height may be constructed within 50 feet of the property line.
- ☐ No structure in excess of three stories or 40 feet in height may be constructed within 100 feet of the property line.
- ☐ No parking or driveways are allowed within 25 feet of the property line.
- ☐ A landscape area at least 25 feet wide is required along the property line. In addition, a fence, berm, or dense vegetation must be provided to screen adjoining properties from views of parking, mechanical equipment, storage, and refuse collection.
- ☐ For a structure more than 100 feet but not more than 300 feet from property zoned SF-5 or more restrictive, height limitation is 40 feet plus one foot for each 10 feet of distance in excess of 100 feet from the property zoned SF-5 or more restrictive. (use 540' radius)
- ☐ An intensive recreational use, including a swimming pool, tennis court, ball court, or playground, may not be constructed 50 feet or less property in an SF-5 or more restrictive zoning district.

☐ A landscape area at least 25 feet in width is required along the property line if the tract is zoned LR, GO, GR, L, CS, CS-1, or CH.

SP 6. The site is subject to 25-2 Subchapter F. Residential Design and Compatibility Standards.

TRANSPORTATION

TR 1. A Traffic Impact Analysis shall be required at the time of site plan if triggered per LDC 25-6-113. LDC. 25-6-113.

TR 2. Additional right-of-way maybe required at the time of subdivision and/or site plan.

TR 3. Existing Street Characteristics:

Re: Springdale Farms Zoning Case Summary Letter

In early 2018, PSW was approached by the Owners of Springdale Farms as potential suitors to carry on the legacy of Springdale Farms as Paula and Glenn were approaching a new chapter in their life. Springdale Farms has been a focal point of East Austin as not just an Urban Farm that takes Farm to Table to a new level but has also served as a welcoming and gathering atmosphere to everyone in the community. Knowing what the farm means to so many people, PSW sent letters out to nearly 100 adjacent community members and reached out to numerous local businesses that serve this area in hopes of coordinating community charrettes so we could better understand what the farm means to the community and what changes they would welcome as the new chapter begins.

PSW's intention has always been to create a mixed-use community that offers new residents and existing residents a place they can continue to enjoy in a lot of the same aspects the farm created. The charrettes proved very informative and allowed us to incorporate as much open space, community space and urban farming as possible while also creating an economically viable project. Currently we are proposing approximately half of the allowed Impervious Cover and FAR while providing 80 for sale units and commercial uses while staying below the 2,000 trips/day threshold per the Conditional Overlay.

Per the existing Zoning and Conditional Overlay, nearly all uses typically allowed under CS Zoning are prohibited and as mentioned earlier, our goal of holding the charrettes was to allow those entrenched in the area to help tell us what they would want out of this development so we could better identify our approach to altering the CO. Per those discussions, the uses identified that we hope to be allowed are: Restaurant, General Retail and Convenience and Art Workshops.

We also understand there are numerous Restrictive Covenants on the site and we intend on discussing all options with the neighborhood to see where we can alleviate any concerns in relation to those.

We have been working with the NPCT for the past few months in hopes of gaining their support of our requests and potentially codify portions of the development or create restrictions that are suitable to all parties. We will continue to further those discussions and hopefully come to an agreement prior to any Commission Hearings.

Sincerely,

RE: **NPA-2018-0016.04_Springdale Farms**

Commissioners and Council members,

Please accept this letter on behalf of the **Govalle/Johnston Terrace Neighborhood Plan Contact Team**. After approximately nine (9) months of talks and negotiations with the developer, we have come up with an agreement for

Support for case # NPA-2018-0016.04_Springdale, **with the following conditions:**

- *Conditional Overlay – change to include restaurant, general retail sales (convenience) & artisan workshop uses
- *Keep FLUM SF3 (no change)
- *Limit of 20 unit per acre
- *Housing - 90 units, five affordable unit sold to (GNDC) @ 60% MFI
- *Height – no more than 3 stories (48' on commercial, 40' on residential), 2 story on street with 3rd story stair-stepped back into the interior of the site at compatibility set-backs
- *Parking – on site and below ground parking
- *Removal of one heritage tree as outline in the project proposal

Please feel free to contact me with any questions or comments you may have regarding this case.

Thank you,

RE: Letter of Intent-

We are pleased and excited to outline the terms between PSW Real Estate and the Guadalupe Neighborhood Development Corporation (GNDC) as it relates to the proposed affordability units being offered with the development at Springdale Farms. This LOI is intended to be non-binding on both parties and is a preliminary expression of our understanding of the general terms under which we intend on working with the GNDC to offer affordable units with the proposed development.

Property Description: 755 Springdale Road, Austin, TX 78702

Affordable Units Proposed: 5 units

General Understanding: PSW will develop and construct a proposed development located at the above address. The proposed Affordable Units, at the discretion of PSW, while working in good faith with GNDC, will be sold to the GNDC at the City of Austin's 60% MFI (Medium Family Income) rate. The GNDC, in turn and at their discretion, will sell and convey these residences at the same 60% MFI rate, or at a lower MFI rate, to individuals or families that qualify. The GNDC will be responsible for complying with all requirements of the City of Austin's SMART housing program or other affordability requirements and relinquish PSW of any future requirements in regard to City/County compliance as required by the SMART housing or other program. Once the units have been conveyed to the GNDC, PSW will no longer be involved in future transactions conducted by the GNDC or owners of the affordable units.

Contingency: It is agreed that this General Understanding is only valid if PSW is successful in all facets of the proposed Zoning Case, C14-2019-0031.

Thank you and we look forward to working with you.
